🪪 PROFILE

I am a dynamic 2nd-year BSc (Hons) Computer Science student at NSBM Green University. With a passion for innovation, I focus on web development and mobile applications, excelling in software development, database management, and artificial intelligence. My strong collaborative nature, excellent communication skills, and unwavering dedication make me a valuable asset for any organization. My top skills include JavaScript, Front-End Design, Bootstrap, Git, and Front-End Development.

🌐 LANGUAGES

- English
- Sinhala

🎓 EDUCATION

BSc (Honours) in Computer Science
NSBM Green University ⊡
10/2022 – present | Homagama, Sri Lanka

O/L, A/L
Bandaranayake College ⊡
01/2012 – 11/2020 | Gampaha, Sri Lanka

📂 PROJECTS

Janaka Ishan - My Portfolio ⊡
My Personal Website
01/2024 – present
Developed "Janaka Ishan - My Portfolio," showcasing skills in front-end, UI/UX, basic full-stack web dev, and WordPress. Achieved a modern, responsive design for optimal viewing on all devices. Utilized HTML, CSS, SCSS, and JavaScript. Implemented features like smooth scrolling and animations. Hosted on Netlify, integrated with Google Search Console, Microsoft Webmaster, and Yarn for SEO.

Only PC ⊡
E - Commerce Web Application
01/2024 – 05/2024
I completed the front-end development for the group project "Only PC - DEA Group Project" at NSBM Green University in 2024. The project involved developing an e-commerce web application with features like online shopping, role-based authorization, filtering, and cart/checkout processes. Technologies used include Java, Servlets, JSP, JSTL, MySQL, Bootstrap, jQuery, and Swiper.

NSBM Events ⊡
Event Managenement System
06/2023 – 08/2023
As first-year undergraduates, we created a fully responsive website to showcase our introduction to web design and development. Using PHP, HTML, CSS, and possibly JavaScript, we focused on modern design principles and industry essence. This group project demonstrated our teamwork and commitment to learning, laying the groundwork for future endeavors in educational technology.
